

## **ENERGY STAR® DISHWASHER REBATE FOR LOUISIANA AND TEXAS RESIDENTIAL CUSTOMERS**

A standard-sized ENERGY STAR certified dishwasher costs about \$55 per year to run and can save you about 3,850 gallons of water over its lifetime. New ENERGY STAR certified models include several innovations like soil sensors, improved water filtration, more efficient jets, and dish rack designs that reduce energy and water consumption and improve performance.

### **WHAT ELSE SHOULD I LOOK FOR WHEN BUYING A DISHWASHER?**

- The right size for your home.

Standard-capacity models hold more than eight place settings and six serving pieces. Compact-capacity models hold less than eight place settings and six serving pieces. Due to their smaller capacity, compact models may use more energy than standard models over time.

- A dishwasher with several wash cycle options.

A dishwasher with an auto-sensing cycle, means the dishwasher has a soil-sensor and can detect if the water coming off the dishes is dirty or clean. If selecting a dishwasher without a soil-sensor, look for models that have multiple cycle options so you can choose the cycle that best fits your load.

- An ENERGY STAR efficient dishwasher.

Products that are recognized as ENERGY STAR Most Efficient deliver cutting edge energy efficiency along with the latest in technological innovation. They represent the very best for energy savings and environmental protection. \*

### **HOW CAN I PARTICIPATE IN THE DISHWASHER REBATE PROGRAM?**

Our Louisiana residential customers who own or rent a home or an apartment can upgrade their existing dishwasher to an ENERGY STAR-certified dishwasher to qualify for a \$100 rebate. Please note that dishwasher rebates have limited funding. Rebates are only available while funding lasts.

Dishwashers that earn the ENERGY STAR label have been independently certified, based on actual field data, to deliver energy savings. Here is a list of [ENERGY STAR-certified Residential Dishwashers](#).

You can purchase a dishwasher online or at a local retailer. Be sure to save your receipt since it's part of your rebate application.

Once you've installed your dishwasher and it's operational, you're ready to submit your rebate request through [this online application](#).
